Life Threatening Complications  
Nashville, TN - St. Louis, MO - Chicago (Lisle), IL

## Course Description

As acuity levels of patients continue to rise, today's healthcare provider is confronted with patients developing life threatening complications with more and more frequency. This two day seminar challenges the attendee's critical thinking skills as various complex patient situations are covered through comprehensive lectures and case studies. Because nurses are the constant force at the bedside, it is imperative they understand the pathophysiology of these complications, are able to incorporate the laboratory and physical assessment findings into the presentation, and respond quickly. Each complication will include pathophysiology, clinical signs and symptoms, diagnostics and current treatment guidelines. New management strategies on the horizon are also discussed.

*\*This program is presented on an intermediate to advanced level.  
Two pharmacology hours available per day.\**

## Speakers

**Lisa M. Soltis APRN, MSN, PCCN, CCRN, CCRN-CSC, CCNS**  
Lisa brings over 13 years of critical care experience to her lectures. She earned her BA from Western Michigan University, her BSN from the University of North Carolina-Charlotte, and her Master's Degree from Duke University School of Nursing as an Adult Critical Care Clinical Nurse Specialist. She is a member of Sigma Theta Tau, the American Association of Critical Care Nurses, the National Association of Clinical Nurse Specialists and the Society of Critical Care Medicine where she is also an instructor for the Fundamentals of Critical Care Support course.

**Kelly Thompson-Brazill MSN, ACNP, RN, CCRN, PCCN, CSC**  
Kelly brings 11 years of critical care experience to each lecture. She received her BSN from the University of Scranton (PA). She earned an MSN in Acute and Critical Care from Duke University, Durham, NC, in 2002. As a nurse practitioner, Kelly spent six years (including two years as the lead NP) with Trauma and Surgical Critical Care at University Health Systems of Eastern Carolina. Kelly is currently a Nurse Practitioner for Cardiothoracic Surgery at Wake Med Health & Hospitals, Raleigh, NC.

## Cyndi Zarbano RN, BSN, CCRN, CLNC, CNLCP

Cyndi completed her nursing education in the US Navy and rose to be a Lieutenant Commander (0-4). She holds a BS in Psychology with a minor in Sociology. After obtaining her legal nurse certification, she opened her business: Clinical Review: Certified Legal Nurse Consultants. Earlier she had worked as a Security Counselor with Mentally III and Dangerous inmates of the Minnesota Security Hospital where she returned in the role of Lead Psychiatric Nurse. Cyndi is in a graduate family nurse practitioner program at Minnesota State University.

*One of these speakers will present at each location.  
Med-Ed reserves the right to substitute an equally qualified speaker.
