

## Course Description

The CNRN Exam Review course is designed to prepare the neuroscience nurse to successfully pass the neuroscience certification. The course is designed to provide pertinent knowledge to nurses working in the neuroscience field.

## Key Learning Outcome

- After completing the program, 80% of participants will report an increase in knowledge and confidence necessary to pass the certification exam.

## Program Objectives

*This program prepares the learner to:*

- Apply the knowledge obtained from the course to successfully pass the CNRN Exam.
- Apply the knowledge obtained to their clinical practice.

## Agenda

*Sign-in begins at 7:30 am.* Each day includes a one-hour lunch (on your own), as well as a morning and afternoon break of 15 minutes each. The order of lectures presented and break times may vary according to speaker preference.
