

Generational Diversity in the Workplace

Course Description

This course will offer participants an opportunity to learn about generational diversity in the workplace. From discussing the different generations currently in the workforce to learning about communication styles, this course offers opportunity to reflect upon the way we treat those working alongside us and to embrace our generational differences.

Key Learning Outcome

- After completing the program, 80% of participants will report an increase in knowledge and confidence necessary to pass the certification exam.

Agenda

The order of lectures presented may vary according to speaker preference.
