

Responding to Golden Hour Emergencies: An Interactive, Case Scenario Approach

Course Description

This course is designed for healthcare professionals who are caring for adult hospitalized patients with a time sensitive emergency. Through the use of case scenarios, the focus is on the rapid assessment, triage and treatment of the three most time sensitive emergencies in hospitalized adults: acute coronary syndrome, stroke and sepsis. The program will address the process of moving the patient quickly through assessment, diagnosis and evidence-based treatment protocols, along with discussion of patient safety data, measurable patient outcome criteria and improved communication with the medical-surgical staff.

Key Learning Outcome

- After completing the program, 80% of participants will report an increase in knowledge that will positively impact their practice.

Program Objectives

This program prepares the learner to:

- Provide safe and competent care to patients experiencing rapid deterioration from conditions that include acute coronary syndrome, stroke and sepsis.

Agenda

Sign-in begins at 7:30 am. The day includes a one-hour lunch (on your own), as well as a morning and afternoon break of 15 minutes each. The order of lectures presented and break times may vary according to speaker preference.

8:00 am to 5:00 pm

Stabilization of In-Hospital Emergencies

Patient Safety | Airway, Breathing, Circulation

Rapid Response Team

Composition | High-Performing Team Communication

Acute Chest Pain, STEMI

Spectrum of Acute Coronary Syndrome | Early Assessment and Diagnosis of STEMI

ST-Elevation MI

Medical Stabilization | Definitive Treatment of STEMI

Early Phases of Acute Stroke

Spectrum | Pathophysiology and Brain Vascular Anatomy | Early Treatment

Acute Ischemic Stroke Plan of Care

Treatment with tPA, Interventional Radiology

Early Phases of Sepsis

Recognition | Pathophysiology | Assessment and Diagnosis

Sepsis Plan of Care

Surviving Sepsis Campaign | Early Source Identification and Control | Early Antibiotics | Fluid Resuscitation

Patient Deterioration

Case Scenario Questions

Accreditation

RN/LPN/LVN/Other: 7.5 Contact Hours

Includes 2 Pharmacology Contact Hours

MED-ED, Inc is accredited as a provider of nursing continuing professional development by the American Nurses Credentialing Center's Commission on Accreditation.

MED-ED, Inc. is an approved provider by the following State Boards of Nursing: **Florida**/FBN 50-1286, **Iowa**/296, **California** #CEP10453.

MED-ED is approved by the American Association for Respiratory Care (**AARC**).

If your profession is not listed, we suggest contacting your board to determine your continuing education requirements and ask about reciprocal approval. Many boards will approve this seminar based on the accreditation of the boards listed here.
