

Course Description

Certification demonstrates a commitment to specialties in nursing. The Trauma Certified Registered Nurse (TCRN) certification exam is designed to test the nurse's knowledge in the delivery of trauma care across the trauma nursing continuum. This course is designed to prepare the learner to be successful in passing this certification exam.

Key Learning Outcome

- After completing the program, 80% of participants will report an increase in knowledge and confidence necessary to pass the certification exam.

Agenda

Sign-in begins at 7:30 am. Each day includes a 30-minute lunch (on your own), as well as an afternoon break of 15 minutes. The order of lectures presented and break times may vary according to speaker preference.

Day 1, 8:00 am to 5:00 pm
