

## Course Description

The CNRN Exam Cram course is designed to provide the neuroscience nurse a review of the topics presented in the CNRN Examination. The course outline is based upon the blueprint of the CNRN Examination provided by ABNN. The course provides the participant with hints and easy ways to remember certain pertinent information.

## Program Learning Outcomes

*This program prepares the learner to:*

- State the CNRN Exam, test plan and the practice requirements to sit for the exam.
- Construct a study plan for the exam based on understanding the blueprint and domains of practice covered.
- Identify common mistakes and pitfalls that are made during studying and testing for the exam.
- Recall the core components covered in the exam through didactic supplementation and test questions.

## Agenda

*Sign-in begins at 7:30 am.* Each day includes a one-hour lunch (on your own), as well as a morning and afternoon break of 15 minutes each. The order of lectures presented and break times may vary according to speaker preference.
