

### Course Description

This two-day seminar is for nurses who care for pediatric patients. This course serves as a review for the Certified Pediatric Nurse (CPN®)\* Exam. The CPN Exam is for the nurse who has pediatric practice experience and who demonstrates knowledge and abilities related to pediatric nursing beyond basic RN licensure.

### Key Learning Outcome

- After completing the program, 80% of participants will report an increase in knowledge and confidence necessary to pass the certification exam.

### Program Objectives

*This program prepares the learner to:*

- Describe the Certified Pediatric Nurse Exam, test plan and the practice requirements to sit for the exam.
- Construct a study plan for the exam based on understanding the blueprint and domains of practice covered.
- Identify common mistakes and pitfalls that are made during studying and testing for the exam.
- Recall the core components covered in the exam through didactic supplementation and test questions.

### Agenda

*Sign-in begins at 7:30 am.* Each day includes a one-hour lunch (on your own), as well as a morning and afternoon break of 15 minutes each. The order of lectures presented and break times may vary according to speaker preference.
