

Certified Nurse Educator Exam Review

Course Description

This course is designed to prepare experienced nurse educators to successfully take the NLN® Certified Nurse Educator Exam. Topics covered are based on the NLN Exam blueprint and include teaching and learning theories; curriculum design and evaluation; test construction and analysis; and the roles of a nurse educator. The course is fast-paced with a great deal of content. Participants are encouraged to review materials in preparation for the course and to design a plan for studying once the course is completed.

Program Learning Outcomes

This program prepares the learner to:

- Describe the Certified Nurse Educator Exam, test plan and practice requirements to sit for the exam.
- Develop a plan for study based on understanding of the blueprint.
- Examine the various roles of the academic nurse educator.
- Review the core components of the exam through lecture, case study and sample test questions.

Agenda

Sign-in begins at 7:30 am. Each day includes a one-hour lunch (on your own), as well as a morning and afternoon break of 15 minutes each. The order of lectures presented and break times may vary according to speaker preference.
