

## Emergency Triage: Assess & Intervene

### Course Description

This intense one-day review will cover one of the most critical assignments for the ED nurse: triage. This program will review gathering a patient's history, assessment skills and critical thinking. This course is designed to provide participants with a review of systems and discuss common emergencies for each system. Interactive triage case studies will challenge even the most seasoned nurses.

### Key Learning Outcome

- After completing the program, 80% of participants will report an increase in knowledge that will positively impact their practice.

### Program Objectives

*This program prepares the learner to:*

- Describe the benefits of a 5-level triage system.
- Assign the appropriate triage category to common ED presentations.
- Describe resources needed for a variety of patient complaints.
- Describe age-appropriate differences when triaging pediatric and geriatric populations.

### Agenda

*Sign-in begins at 7:30 am.* The day includes a one-hour lunch (on your own), as well as a morning and afternoon break of 15 minutes each. The order of lectures presented and break times may vary according to speaker preference.

#### 8:00 am to 5:00 pm

##### Welcome and Introductions

##### Goals and Guidelines for Triage

History of Triage | Regulatory Considerations | Medical Screening | Types of Triage

##### 5-Level Triage

ESI | CTC-Canada | Manchester-United Kingdom | Australasian Triage Scale (ATS)

##### The Triage Process

Components | Quick Look Assessment | Patient History | Focused Physical Assessment | Red Flags | Interventions | Resource Utilization

##### Triaging Respiratory Complaints

Respiratory Assessment | Respiratory History | Difficulty Breathing

##### Triaging Cardiac Complaints

Cardiac Assessment | Cardiac History | Chest Pain | ECG Changes | Differential Diagnosis of Chest Pain

##### Triaging Abdominal Complaints

Complaints by Quadrants | Separating the B's From the C's

##### Triaging Neurological Complaints

Stroke | Seizures | Head Trauma | LOC | Headaches

##### Triaging EENT Complaints

Ocular | Nasal | Dental | Facial | Throat/Neck Complaints

*(continued)*

*(continued)*

**Triaging Ortho/Integumentary Complaints**

Wounds | Ortho Injuries | Non-Traumatic Extremity Pain | Bites/Stings | Back Pain

**Triaging Psychiatric Complaints**

Alcohol and Drug Use | Altered Mental Status | Confusion | Depression | Suicidal Behavior/Ideation

**Specific Patient Populations**

Pediatric | Geriatric | Obstetric | Domestic Violence | Non-Accidental Trauma

**ESI Triage Process**

You Make the Call | Triage Case Studies

**Questions | Wrap-Up and Evaluation**

## Accreditation

**RN/LPN/LVN/Other: 7.5 Contact Hours**

MED-ED, Inc is accredited as a provider of nursing continuing professional development by the American Nurses Credentialing Center's Commission on Accreditation (**ANCC**).

MED-ED, Inc. is an approved provider by the following State Boards of Nursing: **Florida**/FBN 50-1286, **Iowa**/296, **California** #CEP10453.

If your profession is not listed, we suggest contacting your board to determine your continuing education requirements and ask about reciprocal approval. Many boards will approve this seminar based on the accreditation of the boards listed here.
