

Leadership Development for the Clinical Nurse

Course Description

The purpose of this seminar is to provide clinical nurses with the concepts, strategies and tools required to successfully care for today's consumer of healthcare. Advanced critical thinking, managing complex patient problems, engaging the connected patient and quality care and service expectations will be addressed.

Program Learning Outcomes

This program prepares the learner to:

- Have a better understanding of the changing role of today's nurse.
- Incorporate components of high quality, effective, safe patient care into practice.
- Bridge the gap between healthcare reform and the clinical nurse.

Agenda

Sign-in begins at 7:30 am. The day includes a one-hour lunch (on your own), as well as a morning and afternoon break of 15 minutes each. The order of lectures presented and break times may vary according to speaker preference.
