

## Neonatal Intensive Care Nursing Exam Review

### Course Description

This course is designed to supplement study materials for the NCC certification exam to obtain the RNC-NIC designation and the AACN certification exam to obtain the CCRN-neonatal designation. The course will focus on core concepts that are essential for caring for high-risk newborns. Preparation is recommended prior to participation in this course.

### Program Learning Outcomes

*This program prepares the learner to:*

- Review the core components covered by the exam through test questions and lecture review.
- Review requirements for the exam and recertification.

### Agenda

*Sign-in begins at 7:30 am.* Each day includes a one-hour lunch (on your own), as well as a morning and afternoon break of 15 minutes each. The order of lectures presented and break times may vary according to speaker preference.
