Course Description
If you are in Nursing Management, you need to validate your competency in that area by taking the Advanced Certificate Exam. Prove to hospital administration, corporate office and/or the new facility where you are trying to secure a position that you have excelled in your area of expertise. Obtaining this certification will benefit your facility in its journey toward excellence and/or keeping its Magnet Status by having a percentage of its management staff be certified. Obtaining this certification also benefits your personal professional development plan. Prove to your superiors that you have what it takes to secure the promotion you desire.

Invest in yourself! Invest in your future! It’s an investment that is guaranteed to provide professional and financial returns for years to come.

Who is eligible to take this exam? All requirements must be completed prior to application for the examination.

- Hold a current, active RN license in a state or territory of the United States or the professional, legally recognized equivalent in another country.
- Hold a master’s or higher degree in nursing, or hold a bachelor’s degree in nursing and a master’s in another field.
- Held an administrative position at the nurse executive level, OR a faculty position teaching graduate students executive level nursing administration, for at least 24 months full time equivalent in the last five years.
- Have completed 30 hours of continuing education in nursing administration within the last three years. This requirement is waived if you have a master’s degree in nursing administration.
