

Nurse Executive Exam Review (Basic)

Course Description

The Nurse Executive Exam Review (Basic) is designed to provide an overview of those subjects which are included in the ANCC certification exam. Subjects include professional practice including nursing theory, research, quality improvement, process improvement, change theory and ethics. Healthcare economics is reviewed, as well as the healthcare environment. Lastly, delivery of care including regulatory, process outcome, Magnet recognition, benchmarking, charts and graphs are described. The course is a fast-paced, intense presentation and review of the exam blueprint along with preliminary study is recommended prior to attending. After attending, participants are encouraged to create a study plan individualized to meet their needs to successfully pass ANCC's certification exam.

Who is eligible to take this exam? All requirements must be completed prior to application for the examination.

- Hold a current, active RN license in a state or territory of the United States or the professional, legally recognized equivalent in another country.
- Hold a baccalaureate or higher degree in nursing.
- Hold at least 2,000 hours of experience in a leadership, management or administrative role with a primary responsibility for the daily operations and outcomes of one (1) or more unit(s)/departments within the last three years.
- Completed 30 hours of continuing education in nursing administration within the last three years. This requirement is waived if you have a master's degree in nursing administration.

Program Learning Outcomes

This program prepares the learner to:

- Describe the Nurse Executive Exam (Basic), test plan and the practice requirements to sit for the exam.
- Construct a study plan for the exam based on understanding the blueprint and domains of practice covered.
- Identify common mistakes and pitfalls that are made during studying and testing for the exam.
- Recall the core components covered in the exam through didactic supplementation and test questions.
