

Nursing Professional Development Exam Cram

Course Description

The Nursing Professional Development Exam Cram will provide the learner with the foundational review materials required to take and pass the certification test. The class describes the template of the NPD professional and covers core materials, such as education, adult learning and change theory, legal considerations and methodology.

Who is eligible to take this exam? All requirements must be completed prior to application for the examination.

- Hold a current, active RN license within a state or territory of the United States or the professional, legally recognized equivalent in another country.
- Hold a bachelor's or higher degree in nursing.
- Have practiced the equivalent of two years full-time as a registered nurse.
- Have a minimum of 2,000 hours of clinical practice in nursing professional development within the last three years.
- Have completed 30 hours of continuing education in nursing professional development within the last three years.

Program Learning Outcomes

This program prepares the learner to:

- Possess familiarity with foundational concepts of the NPD role, including, but not limited to, knowledge of education and adult learning theory, change theory, legal considerations and methodology.
