Today’s Nurse Practitioner Entrepreneur: Setting Up and Maintaining a Growing Practice

Course Description
This program will focus on discussion of the liability issues faced by today’s advanced practice nurses. Strategies for recognizing and managing risks are discussed in detail. This seminar also discusses how to manage and respond to malpractice suits should they occur. Another important component of this course will be the discussion of the numerous opportunities for entrepreneurial practice that include how to set up and market a practice as well as the ins and outs of practice management, marketing and growth.

Program Learning Outcomes
This program prepares the learner to:
- Specify limitations, obstacles and successes of an entrepreneurial and independent advanced practice nurse business model.
- Recognize malpractice terminology involving advanced practice nurses.
- Analyze and interpret situations that could result in malpractice suits against the advanced practice nurse.
